## Windows 11 Mini Fanless PC

Blow Out Sale for a limited time. Window 11 preloaded!

## \$1870 HP Full-Size Workstation PC i7 32GB Nvidia

There is so much power crammed into this Full-Size Tower workstation. It comes with dual hard drives pre-installed. The first is a 512GB Solid State Drive for the OS and application files. The second drive is a 500GB HDD for storage. Photoshop and Premiere run so much faster when there is a second "scratch" drive.

The architectural firm that ordered these new bumped the memory up to **32GB of RAM** and added an Nvidia Quadro workstation graphics card. They have the upgraded **Quad-Core i7 CPU** that runs at 3.4GHZ, are loaded with Windows 10 Pro, and include a **one-year parts and labor warranty**.
